PHILIPP PLEIN

LUXURY COLLECTION

Handmade in Germany

In an age in which so many pieces of furniture are purely utilitarian objects intended to appeal to a wide mass of people, PHILIPP PLEIN continues to make exclusive products for the discerning few. For people who have preserved a passion for luxury, exclusivity and that something special, and who allow themselves the freedom to enjoy it. Our service goes beyond the traditional meaning of the word. Our name stands for uncompromising quality and unique design is a factor which sets us apart from others. Every product is drafted and designed with quality in mind. We bring to them a love of detail.

## TEMPORA MUTANTUR ET NOS MUTAMUR IN ILLIS TIMES CHANGE AND WE CHANGE WITH THE TIMES

The sensibilities used in all of our designs – sight, feel and contact – come alive in each and every one of our products.

We always strive to meet the emotional and intellectual demands of our customers. For our small company, time is not an enemy, but a friend. We have all the time in the world... time for perfection and time to meet the exacting demands of our customers. The management of the company is responsible, open minded and flexible. But the struggle for calculated perfection is not a motivation. This concept is too narrow, too cold and too impersonal. The driving force of the company PHILIPP PLEIN is human inspiration and creativity.

Luxury

Repeating every well-practised movement until that moment of perfect harmony is reached, meeting the most exacting requirements, continually searching for the extraordinary and, once found, unceasingly developing it, sometimes despairing, never giving up.

A master craftsman is proud of his professional skill. Each finished product shows the craftsman's initials and the year of manufacture as a seal of quality.
